

Embracing Tech Leadership

Clarity of Vision

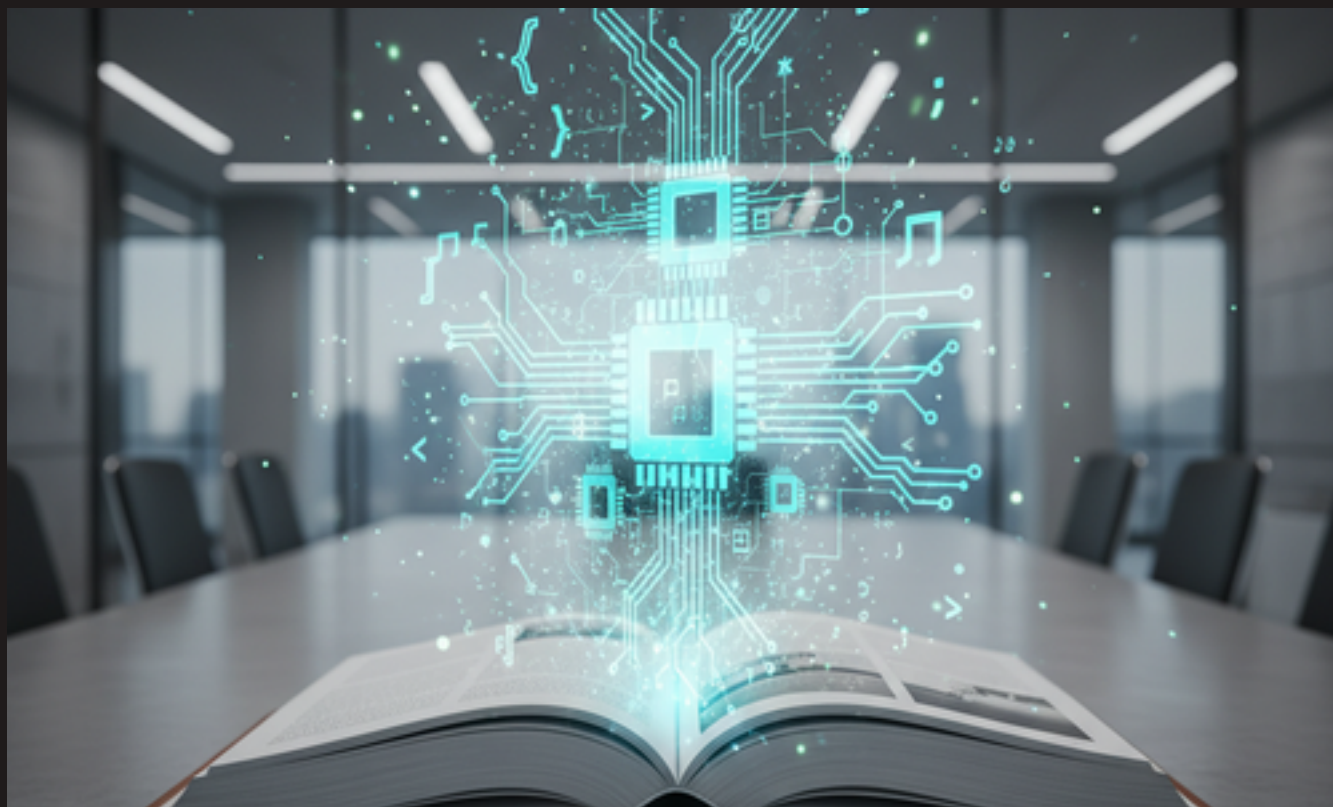

- * Define the "why" behind tech initiatives
- * Align technology with business goals

Empower Your Team

- * Foster a culture of trust and innovation
- * Delegate effectively and provide support

Continuous Learning

- * Stay updated with emerging technologies
- * Encourage experimentation and skill
- development

Data-Driven Decisions

- * Leverage data analytics to inform strategy
- * Track key performance indicators (KPIs)

Communication is Key

- * Communicate transparently and frequently
- * Actively listen to feedback from all stakeholders
- LAST SLIDE:
- Lead with Intention
- * Elevate your tech leadership
- * What strategies do YOU use?
